Due to the success of our last day trip, Travel Solutions is excited to offer another day break to the unique country of Iceland, which is Europe's second largest island, and an island that allows you to witness the marvels of mother nature, with glaciers, spouting geysers, active volcanoes, hot springs, magnificent waterfalls, lava fields, sand deserts and much more.

Iceland is warmer than the name suggests, not only due to the Gulf stream, but down to the warmth and friendliness of the Icelanders who are always most welcoming of its visitors.

The capital city of Reykjavik is a young and vibrant city that does not disappoint. It is filled with a multitude of shops, bars, and restaurants to suit all palates, why not try some local cuisine to complete your Icelandic experience?

To help you make the most out of your day, we have arranged a selection of excursions. These can be pre booked up to 1 month prior to departure, however early booking is recommended to ensure availability.
